Verisma Joins AHIOS

Newest Member of Association to Work with Industry's Premier HIM Outsourcing Organizations to Promote Excellence in PHI Disclosure Management

BOSTON, August 16, 2016 — The Association of Health Information Outsourcing Services ([AHIOS](#)), an organization of executives from the leading health information management (HIM) outsourcing companies who promote excellence in managing risk and compliance issues around disclosure of Protected Health Information (PHI), announced today that [Verisma](#) has joined the growing association.

Based in Alexandria, Va., Verisma is a health information technology provider focused on delivering patented, cloud-based release of information (ROI) automation solutions and services to healthcare organizations across the country. The company is a leader in technology-enabled ROI solutions, providing a compelling platform to aggregate and transfer secure patient data. Verisma's ROI Automation System combines next-generation technology with highly trained teams of ROI, IT, legal and business experts, enabling its clients to automate workflow, improve turnaround times and decrease errors.

“Verisma is proud to be a member of AHIOS and contribute to the association's mission of ensuring standards of excellence for the entire ROI industry” said Marty McKenna, president and CEO of Verisma. “We are looking forward to working with AHIOS members in an exchange of ideas to elevate the landscape for HIM professionals and our client organizations.”

“We have entered a very challenging time in healthcare and with ever-increasing and complex compliance and quality assurance issues, the need for ROI outsourcing is greater than ever before,” said Stephen Hynes, president, AHIOS. “At this juncture, it's crucial that the ROI industry comes together to deliver the highest quality services and create a more efficient healthcare system amidst the changes of reform. Verisma is a wonderful example of a company that will strengthen our advocacy and education initiatives for the ROI industry and that will help us address complex quality assurance and compliance issues that are essential to the work of our member organizations and the entire healthcare industry.”

About the Association of Health Information Outsourcing Services

Established in 1996, AHIOS promotes, strengthens and enhances the health information management outsourcing industry while ensuring excellence in managing risk and compliance issues associated with the disclosure of Protected Health Information (PHI). Its goals are to increase awareness of the value, importance and complexity of the industry's services; establish standards of excellence for the industry of health information management outsourcing; pursue fair and equitable treatment of the industry through legislative, regulatory and legal processes; and create educational and networking opportunities for members.

About Verisma Systems, Inc.

Verisma is a health information technology provider focused on delivering unparalleled Release of Information (ROI) solutions to the healthcare industry. The company's flagship ROI Automation System, Verisma® Release Manager (VRM), is utilized by well-known health care organizations nationwide. VRM automates workflow to improve turnaround times, reduce errors, and drive down costs – effectively automating medical records release while delivering comprehensive release audit capabilities. It is the only release technology with integrated HIPAA guidance and compliance review support.
