## **Quest Health Information Management Solutions Joins AHIOS**

*Newest Member of Association to Work with Other Executives at the Industry's Premier HIM Outsourcing Organizations to Promote Excellence in PHI Disclosure Management*

**BOSTON, January 10, 2017** — The Association of Health Information Outsourcing Services ([AHIOS](#)), an organization of executives from the leading health information management (HIM) outsourcing companies who promote excellence in managing risk and compliance issues around disclosure of Protected Health Information (PHI) announced that [Quest Health Information Management Solutions](#) (QuestHIMS) has joined the growing association.

With headquarters in metro St. Louis, QuestHIMS is a rapidly growing Release of Information (ROI) and Disclosure Management company servicing healthcare providers across the Southwest and Midwest United States. QuestHIMS provides a spectrum of services from “full service” to various levels of a “shared model” based on clients desired level of involvement in the ROI work process and their revenue goals. This approach allows providers to retain control of the information flowing outside of their organization, while eliminating the hassles associated with mailing, invoicing and collecting on each individual request for medical records

“We are proud to be a member of AHIOS and contribute to the association’s important work in ensuring standards of excellence for the entire ROI industry” said Chad Gray, Vice President of QuestHIMS. “We are looking forward to working with AHIOS members in an exchange of ideas to elevate the landscape for HIM professionals and our client organizations.”

“In today’s challenging healthcare landscape with ever-increasing and complex compliance and quality assurance issues, the need for ROI outsourcing is greater than ever before,” said Jim Bailey, president of AHIOS. “At this juncture, it’s crucial that the ROI industry comes together to deliver the highest quality services and create a more efficient healthcare system amidst the changes of reform. QuestHIMS is a wonderful example of a company that will strengthen our advocacy and education initiatives for the ROI industry and that will help us address complex quality assurance and compliance issues that are essential to the work of our member organizations and the entire healthcare industry.”

### **About the Association of Health Information Outsourcing Services (AHIOS)**

Established in 1996, AHIOS promotes, strengthens and enhances the health information management outsourcing industry while ensuring excellence in managing risk and compliance issues associated with the disclosure of Protected Health Information (PHI). Its goals are to increase awareness of the value, importance and complexity of the industry's services; establish standards of excellence for the industry of health information management outsourcing; pursue fair and equitable treatment of the industry through legislative, regulatory and legal processes; and create educational and networking opportunities for members. For more information, visit [www.AHIOS.org](http://www.AHIOS.org)

### **About Quest Health Information Management Solutions**

Quest Health Information Management Solutions (QuestHIMS) commitment to uncompromised service supported by world class technology allows our clients and partners to receive first-class customer service while participating in an advanced way of releasing medical records from their facilities. QuestHIMS offers a spectrum of release of information and document management services to help our clients focus on providing the highest quality of care to their patients. We let our clients decide how much involvement they want to have in the process and we take care of the rest. As clients increase their involvement in the process, the revenue share available to them increases proportionally to the amount of additional work being performed.
