Midwest ROI Joins AHIOS

Newest Member of Association to Work with Other Executives at the Industry's Premier HIM Outsourcing Organizations to Promote Excellence in PHI Disclosure Management

BOSTON, May 23, 2019 — The Association of Health Information Outsourcing Services ([AHIOS](#)), an organization of executives from the leading health information management (HIM) outsourcing companies who promote excellence in managing risk and compliance issues around disclosure of Protected Health Information (PHI) announced that [Midwest ROI](#) joined the growing association.

Midwest ROI is an Illinois-based company that provides secure health record fulfillment services to healthcare providers nationwide. With on-site, remote and business office services, Midwest ROI offers a range of flexible solutions to manage the entire release of information (ROI) process including handling requests from patients, third parties, government agencies, insurance audit reviews and other providers. Midwest ROI's team of HIPAA trained and certified representatives ensures the compliant exchange of health records for healthcare organizations across the country.

“We are proud to be a member of AHIOS and contribute to the association's important work in ensuring standards of excellence for the entire ROI industry” said Daniel Cantu, President of Midwest ROI. “We are looking forward to working with AHIOS members in an exchange of ideas to elevate the landscape for HIM professionals and our client organizations.”

“In today's challenging healthcare landscape with ever-increasing and complex compliance and quality assurance issues, the need for ROI outsourcing is greater than ever before,” said Carlos Rodriguez, president of AHIOS. “At this juncture, it's crucial that the ROI industry comes together to deliver the highest quality services and create a more efficient healthcare system amidst the changes of reform. Midwest ROI is a wonderful example of a company that will strengthen our advocacy and education initiatives for the ROI industry and that will help us address complex quality assurance and compliance issues that are essential to the work of our member organizations and the entire healthcare industry.”
